## **DETAILED ACTION**

### ***Drawings***

1. Figures 5-9 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action.

### ***Allowable Subject Matter***

2. **Claims 1-8 and 10-15** are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

With regard to claims 1, 5, 10 and 11: These claims are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious a spectrally filtered high power broadband light source comprising a spectrally filtered amplified spontaneous emission generated from an optical component wherein the source is formed using at least two discrete high power broadband light sources combined to yield a composite source, the two sources are produced by a wavelength seed section comprising a plurality of separate wavelength seed

Art Unit: 2883

subsections arranged in parallel and wherein each of the seed subsections is arranged to produce high power broadband light in a particular wavelength range and comprises an independent electrical contact to allow dynamic tailoring of the source, in combination with the rest of the claimed limitations.

With regard to claims 2-4, 6-8, 12-14 and 15: These claims are allowable over the prior art of record because they depend from allowable claims.

### ***Conclusion***

This application is in condition for allowance except for the following formal matters:

The Figures indicated above should have the prior art labeled added to them.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
